

## The proven iVo system with improved technology.

The iVo MaxiSweep range is characterised by very easy handling and high quality build.

With the unique disc brush system dirt is not simply pushed in front of the sweeper but swept directly into the dirt container capturing dust and debris.

The turbo sweeping system has an additional brush which enhances cleaning performance.

### *Dust, dirt and wetness doesn't stand a chance!*

Now available in both manual and battery format. The MaxiSweep is the ideal choice for all professional cleaners providing reliable, cost effective performance all day, every day.

#### Features and benefits -

- Sweeping fine / coarse dirt effortlessly.
- Sweeping in wet or dry conditions.
- Enhanced sweeping performance due to overlaying disc brushes on both sides.
- Easy to push with long durability due to belt less drive.
- Additional side rollers for easy sweeping along kerbs and walls.
- Optimal cleaning performance on various types of surfaces due to variable brush height adjustment.
